Canadian Technology Immigration Network

# What is the Canadian Technology Immigration Network (CTIN) ?

- A national network of partner organizations led by the Canadian Council of Technicians and Technologists (CCTT), who actively support and promote the integration of internationally-trained technology professionals
- A vehicle for efficiently delivering pre-arrival & post arrival information and supports to internationally trained technology professionals (technicians and technologists) to facilitate integration success.

[www.cctt.ca](http://www.cctt.ca)

Canadian Technology Immigration Network

## Who Does CTIN Serve?

- Prospective immigrants and new arrivals to Canada in the technology professions who are seeking credential recognition, integration supports and employment
- Employers and other stakeholders requiring access to increasingly scarce technology skills

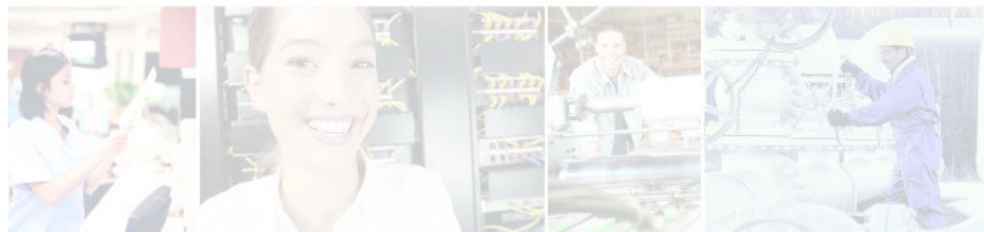

[www.cctt.ca](http://www.cctt.ca)

Canadian Technology Immigration Network

## Who is CTIN?

- Provincial Technology Associations
- Accredited Training Institutions (community colleges)
- Settlement Organizations
- Immigrant Employment Councils (HIO and others)
- Governments
- **Employers !!!!**

Canadian Technology Immigration Network

## Sectors CTIN Serves

**Architecture &BLD**

**Bioscience**

**Chemical**

**Civil**

**Electrical**

**Electronics**

**Forestry**

**Survey/Geomatics**

**Industrial**

**Information Technology**

**Instrumentation**

**Mechanical**

**Mining**

**Petroleum**

[www.cctt.ca](http://www.cctt.ca)

Canadian Technology Immigration Network

# The CTIN Vision

- Provide Canadian Leadership in Technology Skills Promotion
- Create a Centralized Focal Point for Information, Tools & Resources for the Technology Professions
- Accelerate Credential Recognition and Integration Success

[www.cctt.ca](http://www.cctt.ca)

Canadian Technology Immigration Network

# The Tools

- On-line Technical Self Assessment
- Labour Market Information
- Immigrant-Employer Skills Matching
- On-line Certification Application
- International Qualifications Database (IQDB)

[www.cctt.ca](http://www.cctt.ca)

Canadian Technology Immigration Network

# The Outcomes

- Global Web Presence Linked with WIC
- National Network of 44 Partner Organizations
- Centralized Access to Integration Supports and Employment Opportunities
- Accelerated Integration Success
