### HIO Employers Host Coaching Events

Two HIO working groups recently held coaching events for skilled immigrants. The IT working group's session was hosted by MDS Nordion and the Finance group's session was hosted by Export Development Canada. These events are great opportunities for both skilled immigrant candidates and employers. Internationally trained individuals (ITIs) are provided with sector-specific job search guidance and career information from human resources professionals in their sectors, and employers gain a broader understanding of the skills and experience that ITIs have to offer. It's a win-win situation!

Please contact HIO for information on how to connect with skilled immigrants in your sector at [Ideacon@hireimmigrantsottawa.ca](mailto:Ideacon@hireimmigrantsottawa.ca).
